The procedures and requirements for the publication of papers submitted to the INSTITUTION OF ENGINEERING AND TECHNOLOGY are described below.

It is a requirement of Bye-law 78 of THE INSTITUTION OF ENGINEERING AND TECHNOLOGY that, where legally possible, every paper presented to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY and accepted for publication and broadcast by IET.tv and the copyright therein, shall be the property of THE INSTITUTION OF ENGINEERING AND TECHNOLOGY. The copyright of the paper must be assigned to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY by means of the Publication and Broadcast Agreement and Assignment of Copyright on page 2 of this form.

1. If the copyright of the paper is owned by the author(s), the Agreement should be signed and dated by the author(s) at space A. (The author(s) assert(s) to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY that he/she/they has/have the moral right to be identified as the author(s) of the work in accordance with the Copyright, Designs and Patents Act 1988).
2. Where the author(s) is/are employed by the Crown, or if for any other reason the Crown has any rights in the paper, then having regard to the provision of Section 163 of the Copyright, Designs and Patents Act 1988, the author(s) must obtain and attach to this form written permission to publish the paper from the Controller of HM Stationery Office. Other consents may also be required.
3. In the U.S.A. copyright protection is not available for work prepared by an officer or employee of the U.S. Government as part of that person's official duties, or on behalf of the U.S. Government. Similar provisions may apply to work done by Government employees in other countries. Authors should sign the form to affirm the author warranties.
4. If the copyright in the paper is owned by the organisation, which employs the author(s), an authorised representative of the copyright owner should sign and date the Agreement at space B. (Note that in UK law when a work is made by an employee in the course of employment, the employer is the owner of any copyright in the work, but subject to any contractual variation of this position, agreed between the employer organisation and the employee author(s).)

The organisation in assigning the copyright in the paper gives no warranty expressed or implied that the paper is free from defamatory matter, nor that the paper does not infringe the rights of any third party.

The organisation warrants that it:
a) has advised the author(s) of his/her/their responsibilities to avoid defamation or infringement of third party rights, and
b) will notify THE INSTITUTION OF ENGINEERING AND TECHNOLOGY of any adverse claim that comes to its knowledge prior to publication and broadcast.
5. For the avoidance of doubt, save in relation to copyright and database rights, no other intellectual property rights, such as patents, that may be referred to or described in the paper shall transfer to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY.
6. The party assigning to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY copyright, broadcast and database rights in the paper shall be entitled, without payment to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY, to:
a) reproduce figures or extracts from the paper with proper acknowledgment to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY;
b) reuse all or portions of the paper in other works with proper acknowledgment to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY; and
c) make and have made copies of the paper as published by THE INSTITUTION OF ENGINEERING AND TECHNOLOGY for his/her/ their/its own purposes but not for sale, provided that any reference to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY does not imply endorsement by THE INSTITUTION OF ENGINEERING AND TECHNOLOGY of any organisation, its products or its business.
7. If THE INSTITUTION OF ENGINEERING AND TECHNOLOGY agrees to publish and broadcast the paper, but does not publish or broadcast the paper within two years of agreeing to do so, then the author or organisation that assigned copyright, broadcast and database rights in the paper to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY shall have the right to require THE INSTITUTION OF ENGINEERING AND TECHNOLOGY to assign back the copyrights, broadcasting and the database rights in the paper. If for any reason THE INSTITUTION OF ENGINEERING AND TECHNOLOGY fails to publish or broadcast the paper then the only right and remedy against THE INSTITUTION OF ENGINEERING AND TECHNOLOGY of the party that submitted the paper and/or assigned copyright, broadcasting and database rights in the paper to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY shall be to require that the copyright, broadcasting and any database rights in the paper are assigned back.

The author(s) assert(s) to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY that he/she/they has/have the moral right to be identified as the author(s) of the paper in accordance with the Copyright, Designs and Patents Act 1988.

All authors (or an authorised agent for joint authors) of the paper must sign below:

I/We, the named author(s) of the paper confirm that the work is original, that it contains nothing defamatory, and that it may be submitted to THE INSTITUTION OF ENGINEERING AND TECHNOLOGY with a view to publication and broadcast by IET.tv. I/We agree that THE INSTITUTION OF ENGINEERING AND TECHNOLOGY shall be entitled to be fully indemnified by me/us against all claims:

- (a) that the paper is defamatory, or
